

STAFF PRACTICE REVIEW SURVEY

Vaccination practice review

Today's date: _____

Vaccination clinic details: _____

CARD staff debrief survey

Purpose: Post-clinic debriefing sessions provide opportunities for staff to share successes and challenges and empower them to help each other learn from their experiences.

Process: Reflect on the vaccination program by using these questions as a guide. Include feedback from vaccine recipients and their support persons when answering the questions to ensure their perspectives are taken into account. This will require checking their feedback before answering the questions.

1. What went well and why?
2. What didn't go well and why?
3. Did the team work productively together?
4. What can we do differently to make it even better next time?
